

# Low Back Pain

## STarTBACK Information Leaflet Online

To help with your treatment please use the links below to find some useful supporting information to help with your recovery.

The leaflet and information linked below have been written by Keele University, Research Institute for Primary Care and Health Sciences to accompany the STarT Back Screening Tool which your GP has used today to help manage your back pain.

If you have a smartphone or compatible tablet, please scan the QR codes below to take you to the relevant webpages.
